How the card works:

Locations have readers which your U-High Card is swiped through to access your Redbird Dollars via the computer system.

The balance is shown after your transaction is processed.

How to protect your card:

Do not bend, fold, or expose your card to excessive heat, washing or other damaging elements.

Do not pass your card through any other system (i.e., automated bank tellers) as decoding may occur.

Do not leave your ID card on or near a TV, stereo, telephone, microwave, or other electromagnetic equipment.

Do not punch holes in your card. This may make your card unusable in any reader.
